Minutes of Meeting IQAC

Date - 12th Feb 2026

Venue - Conference Room Time = 2:30 pm

Chairperson - Dr. Sonal Suresh Wagh

IQAC Co-ordinator - Dr. Manisha Balak Walunj

Agenda 1: Monitoring Implementation of Vision Document

The members reviewed the progress made toward the institutional goals outlined in the Vision Document. The chairperson noted that while several milestones have been achieved, closer monitoring is required for long term strategic objectives, particularly in research and global collaborations. Departments are requested to submit their internal progress reports to IQAC to ensure that all activities remain synchronized with the institution's core mission.

Agenda 2: Development and Application of Quality Parameters.

The committee deliberated on the ongoing development and application of quality benchmarks across both academic and clinical sectors. It was resolved that specific quality parameters would be applied to monitor the efficacy of Ayurvedic treatments and standardization of classroom delivery. The IQAC coordinator emphasized that these

parameters must be measurable and aligned with the latest regulatory standards to ensure continuous institutional improvement.

Agenda 3: Facilitating a learner-centric Environment.

A comprehensive review of the academic progress was conducted. It was reported that the 1st Term End examinations have been successfully concluded. The 2nd term has officially commenced as part of the established three-term academic structure (each of six months). The committee reaffirmed the importance of the Part Assessments conducted every two months to provide students with consistent feedback and to maintain a high-standard, learner-centric environment.

Agenda 4: CO-Ordination of Quality-Related Activities

The meeting focused on strengthening the co-ordination between academic departments and the hospital. It was highlighted that inter-OPD co-ordination has been successfully optimized to ensure that every patient receives specialized care through seamless referrals between various clinical departments. The chairperson stressed that this synergy between teaching and clinical practice is vital for both student learning and patient outcomes.

Agenda 5: Standardization of Teaching Schedules

As a follow-up to previous quality initiatives, the committee finalized the policy regarding academic calendars. It was formally resolved that:

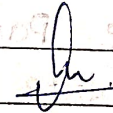

• Integrative Nature : All teaching Schedules shall be designed to be integrative, linking theoretical concepts with clinical practice.

• Advance Notification : To ensure transparency and better preparation for students and faculty these Schedules shall be announced at least one month (30 days) prior to the start of the term. These calendars will be prepared by the respective departments and submitted for final approval.
