RESEARCH AND ENTREPRENEURSHIP DEVELOPMENT CELL

Aim & Objectives

- The primary focus of the Research Innovation & Entrepreneurship Development Cell at Dr. Bhanudas Dhere College of Ayurved. is to promote and facilitate research activities within the institution. This includes encouraging faculty members and students to engage in research projects that contribute to the advancement of Ayurvedic medicine. The cell aims to create a conducive environment for research by providing resources, guidance, and support to individuals interested in exploring new ideas and conducting studies in the field of Ayurveda.
- The Research Innovation & Entrepreneurship Development Cell at Dr. Bhanudas Dhere College of Ayurved plays a crucial role in advancing the field of Ayurvedic medicine through research and development. This specialized department is dedicated to exploring new avenues for improving healthcare practices, developing innovative treatment methods, and conducting studies to enhance the understanding of Ayurveda. By focusing on research and innovation, the college aims to contribute to the growth and evolution of Ayurvedic medicine, ultimately benefiting patients and practitioners alike.
- Within the Research Innovation & Entrepreneurship Development Cell, a team of experienced researchers, scholars, and practitioners collaborate to explore various aspects of Ayurvedic medicine. They engage in both theoretical and practical research projects, aiming to uncover new insights, validate traditional practices, and discover novel approaches to healthcare. Through their work, they strive to bridge the gap between ancient Ayurvedic wisdom and modern scientific knowledge, paving the way for evidence-based advancements in the field.

asked to select topic of their interest and be expressive. Majority of students participated voluntarily and submitted their essays.

Action taken:

Year wise students sensitization: students with positive interest were identified.

To conduct essay competition: submitted essays by students were reviewed by faculty members with respect to innovative ideas and viable business making ideas. Essays with distinguished feature were shortlisted to identify the students with innovation and business potential.

Discussion: From the overview of activities conducted it was observed that these activities mainly emphasized to identify students with innovation and business potential. Some members suggested: necessity to mentor these identified students and at the same time other students also need to be encourage to look into these perspective. From discussion majority of members agreed that student representative and faculty members of respective year will play key role for it.

Suggestions:

All the members suggested need to establish A Cell/ venue for effective communication with students

A real life experience shared by person in this field will help to encourage students more effectively.

All the members agreed to work on these suggestion. Chairperson assured to provide require institutional support.

Ref. No. : DBDAC | RIEDC | 03 | Minutes of meeting
2025

As per pre intimated notice date meeting was conducted on 10th July at 3pm at Principal office. All members were present . As per specified agenda meeting was co-ordinated by Co-rdinator Dr Ketan Deshmukh. Initially chairperson – Principal Dr Sonal Wagh addressed to all committee members. Briefly minutes of last meeting were stated by chairperson and were approved by all committee members. It was followed by reviews of activities suggested in last meeting .

Ideas shared: 1. **Year wise students sensitization** for this cell was planned (flexible according to their academic schedule)

2. **To conduct essay competition** to know mindset of students for research and business potential of Ayurveda sector .

Suggested both ideas were implemented .

1. **Year wise students sensitization:** Coordinator of cell briefly introduced concept of entrepreneurship, its importance in students career making year wise. 40 min sensitization programme was carried out yearwise - flexible to their academic schedule. During this session students were addressed with concept of entrepreneurship, its potential in Ayurveda sector and available resources- support system from government and institute. Students were observed to be keen and enthusiastic. Majority of students showed positive response and agreed to direct their thinking in this particular aspect.
2. **To conduct essay competition:** Voluntary essay competition was organized year wise in collaboration with student representatives and faculty members. Theme finalized by faculty members were: research scope in Ayurveda , business opportunities in Ayurveda. Students were
